

Technical Rider

PostOde

General

Length: 45 minutes (2x a day; 1 hr break min.)

Audience: 300 persons, all ages

Team: 2 or 3 persons

Mobile act with stations (circle performance)

Space

We don't like mud, gravel and sand, but do well on any pavement or other solid surface without steep hills.

We have a range of max 1,2 km and are looking for 2 or 3 places where we can do a pop-up performance

➡ Start ---- scene 1=15min.----max 400m----scene 2=15min-----end scene.

Power

We need electricity in the backstage to charge.

Backstage

We need a space where we can warm up and change near the performance area.

We need 2 chairs, a mirror, water, and a safe place for our materials.

You can spoil us with water and fruits in the backstage ☺

Transport & Parking

We come with 1 van and we need parking space close to the performance area.

Set up/Break down

The car must be able to access the backstage area for unloading and assembling the kick bikes.

➡ We need 1,5 hours to set up.

➡ We break down in 1 hour.

Hotel and meals

We are 1 vegetarian and 1 carnivore.

If an overnight is agreed, we ask for 2 single rooms.

➡ In case of a one night stay, other room arrangements are possible.
