

Technical Rider

Sage

General

Duration: 40 minutes

Audience: 150 persons | 12+

Maximum 2 shows per day

Team: 2 persons

Space

☐ 3 different spaces close to each other both indoor or outdoor

➤ We can perform on stone, wood, grass or sand. Preferably a combination.

☐ In case of all stone floors we ask for at least 1 carpeted floor.

☐ Minimum height: 4 metres.

Sound & light

☐ The festival needs to supply a sound system sufficient for a 150 persons audience and the possibility to connect an MP3-player.

☐ The festival needs to provide a sound technician during the shows and at the rehearsals.

➤ The show can be played at night. The festival will

have to take care of the lighting. Please contact us about the lighting plan.

Backstage

☐ We need a space where we can warm up and change near to the performance area.

Set up/Break down

➤ We need 120 minutes to set up and space. Breaking down takes 2 minutes.

➤ With lighting the set up will take longer.

Hotel & Meals

☐ If an overnight is agreed, we need two single rooms.

☐ One of us has a lactose intolerance

➤ We like to point out that we prefer eating light some time before the show and we need calories after the show.

Travel

➤ We travel by plane, train or car with 1 extra 23kg luggage.
