

## La Fin Demain Technical Rider

### General

Team : 2 persons

Length: 40 minutes

Public: max 400 persons

Age : 5+

Maximum 2 shows per day (min. 1,5 hrs between shows, max 3 hrs between shows)

The public can be seated front, left and right of the performance.

### Space

A minimum floor space of 8m wide x 6m deep is required, with a minimum height of 5 metres.

Audience can sit on 3 sides, quiet background without audience.

If we perform with our live musicians we need 2 meters more (width).

The location must be level and flat. On grass we need a wooden floor. Asphalt needs to be covered.

➤ **IMPORTANT:** We cannot perform if it rains or when the floor is still wet, even if it's not raining anymore. We bring a cardboard floor and if the floor is still wet, the cardboard gets soaked and it's too dangerous for us to perform. So the ground must be dry before we can perform. Please provide plastic cover for the floor if rain is expected.

➤ For a good visibility it is important that either the stage is elevated or the audience is seated gradually. Chairs or banks are necessary, a tribune would be perfect.

### Sound & light

The festival will need to supply a sound system and cabling.

➤ We bring our computer with mini jack entrance (not the cable).

The festival provides a stagehand/technician during all shows. Before the first show we ask the technician to be present 60 minutes before the show, after that 30 minutes before each following show.

➤ If we perform with our live musicians we do not need a technician during the shows.

➤ We can play at night.

When performing after dark, the festival will have to take care of the lighting. Please ask for our lighting plan.

### Backstage & Warm-up & Weather

We need a private/secure place where we can warm up (16m<sup>2</sup>, 3m high) and change near the performance area, with toilet and preferably a shower.

### Set up/Break down

➤ We need 20 minutes to set up and 20 minutes to break down. We need 1 hr with the technician before the first show to rehearse cues. For the show with musicians we need more time (3 hrs).

### Travel, Hotel and Meals

We travel by car, train and or plane with extra luggage.

In case of an overnight stay we ask 2 singles or 1 double room.

We are two vegans. Please provide fruit and access to water backstage (we bring our own bottles).
