

DOWNHILL DOWNRIVER DOWNTOWN

Technical rider

We are looking for at least 5 of the following **locations**:

- 1) parking area / parking
- 2) bridge or underpass
- 3) passage
- 4) large entrance hall
- 5) benches (on street, in parks, in nature)
- 6) steep street (pedestrian) or long street with large border gate
- 7) square (f.e. in front of city hall, church, theatre, shopping area)
- 8) hill with grass or large grass field (park, football field, garden) or other soft underground like sand (dune, beach), spot in the forest, play ground
- 9) building where you can move through (exit is a different one than the entrance)
- 10) shopping mall with permit to dance / perform inside
- 11) large building or area around special buildings (f.e. industrial area, church)
- 12) special spots (f.e. historical monument / building, statue / backyard)
- 13) glass wall through which you can see working space or living space (f.e. office with large windows, store windows)
- 14) river or lake with clean water with a part of min. 10 m where the water is not higher than hip level. In case of cold water / weather the company works with wet suits

distance

2 - 3 km (2 km = approx. 60 min show, 2.5-3km = 75-90 min show)

The company and the organiser should agree on the route beforehand. Suggestions and wishes on the side of the organiser are welcome!

team

The minimum number of dancers is 3 (we come with 4 persons). The performance is stronger with 5 dancers and can be played with up to 10 dancers.

music equipment

megaboom - amplifier and iphone (brought by the company and carried in a backpack / waterproof bag)

props

1-5 waterproof bags (brought by the company), wet suits (if the track contains a river or lake and the weather / water is cold). The company provides wet suits and boots for her dancers, small attributes like apples, paper, foil. The company makes sure no garbage is left behind.

If the track includes rivers or lakes: the company wishes to have a (preferable warm) room provided for the dancers, where dry clothes, towels and shoes can be stored safely in order to get dry in between and / or after the tours are performed. A shower is greatly appreciated. Alternatives can be discussed.

attention: a permission from the city might be necessary to perform and play music in public spaces! The volume of the music is kept at a reasonable volume, music can also be played on audience smart phones directly or left out if it causes unsolvable difficulties with authorities. It is also possible to work with a musician / local band. The festival as the organiser is responsible for permissions if they apply. The company cannot be held responsible.

For any questions, please contact: info@bollwerk-andreaboll.com / Tel. +41 76 772 29 12
