

Technical Rider

Triple Tom

General

- ☞ Length: 30 minutes (3x per day) or 45 minutes (2x per day)
- ☞ Audience: 300 persons
- ☞ Team: 3 persons
- ☞ Act type: mobile act

Space

- ☐ Tom, Tom & Tom create their own performance space in a crowded environment.
- ☞ Tom, Tom & Tom move max. 750 meters in 30 minutes, longer distances can be covered in 45 min sets.

Sound & power

- ☞ We need NO electricity.

Backstage

- ☐ We need a backstage space where we can warm up, change and spend our breaks near the performance area.
- ☐ We need 3 chairs, a table, a mirror, water, and toilet close by, preferable a space that can be closed off so we have a safe place for our materials.
- ☐ We like to have some drinking water or juices and fresh fruits in the backstage.

Transport & Parking

- ☐ Within the Netherlands and Belgium we prefer to come by car. In that case we need 1 parking space close to the performance area. Outside these countries, we prefer to come by train, because we want to pollute our planet as little as possible. Only if necessary, we can come by airplane upon agreement with CO2-compensation.

Set up/Break down

- ☐ The car must be able to access near the backstage area for unloading.
- ☞ We need a minimum of 1h15 to prepare.
- ☞ We wrap up in about 45 min.

Hotel and meals

- ☐ We are 1 vegetarian, and 2 flexitarians (who eat everything but enjoy vegetables as well).
- ☐ If an overnight is agreed, we ask for 3 single rooms. As much as we love each other, we'll perform better if we have a good night's sleep.

Bookings

- ☞ info@ravart.nl, +31 (0)6 41397773, Femke Ravensbergen, Amsterdam, The Netherlands.
- ☞ Or book directly via Entr'act cc@entract.nl, +31 (0)6 11423074 (Casper).
