

Technical Rider

World's Smallest Escape Room

General

Length: 3 hrs per day (2 x 90 min)
 Audience: 600 persons
 Team: 2 persons
 Genre: Installation

Space

- The installation is 250cm long x 150cm wide x 283cm high.
- ☐ We do well on pavement or other solid and flat surface.
- ☐ Our car must be able to access the space for setting up and breaking down.
- ☐ We have a little music and an introduction text inside the Escape Room. Please don't put us next to other acts that use amplified sound.

Power

- ☐ We just need to have 220V at the site.

Set up/Break down

- ☐ The car must be able to access the site.
- We need 1,5 hour to set up.
- We break down in 1,5 hrs.

Weather conditions

- In case of a little rain we have a tarp we can pull over the Escape Room. We cannot play in heavy rain.

Backstage

- ☐ We need a space where we can warm up and change near the performance area.
- ☐ We need 2 chairs, a mirror, water, and a safe place for our materials.

Transport & Parking

- ☐ We come with 1 car (length 475cm, height 197cm) and we need parking space close to the performance area.

Hotel and meals

- We are 1 vegetarian and 1 carnivore.
- ☐ If an overnight is agreed, we ask for 2 single rooms (for 1 night we can share a room).
