

Technical Rider ¡Fuera!

General

Length:	50 minutes
Audience:	250 persons / All ages
Maximum:	2 shows per day
Minimum:	2 hours between shows
Team:	2 persons

Space

- 2 spaces: a not too high (3meters) balcony or a very big window that opens widely, with enough space. 6 X 6 metres underneath the balcony. Please send us pictures of the pitch to confirm!
- We want to be able to access the space 2 hours before the show.
- We want to be able leave all materials in the house or very near the pitch.

Sound, light & Technique

- An adequate sound set with mini-jack and double tulip (red and white) input.
- In case of an evening show we need general lighting of the stage and balcony.
- We need: 1 reclining chair, 1 small table lamp, 1 light carpet, 1 light table, 2 chairs, 1 Lightweight or foldable bed with foam matras, sheets, pillow and blanket, 1 small bed-side table, 1 coat rack, 1 toilet bowl, toilet paper, 2 buckets, 1 ladder (to reach the balcony)
- We need: 2 or 3 volunteers to help building up and down, before, during and after the show.
- We need: a small truck with loading platform to leave the set with all materials at the end of the show (alternatives can be negotiated).

Backstage

- We need a space where we can warm up and change near to the performance area. (can be in the house)
- We need 2 chairs and 1 mirror, a toilet and showers, fruits and water.

Set up/Break down

- We need 2 hrs to investigate and prepare the space. Breaking down takes 30 minutes.

Hotel & Meals

- If an overnight is agreed, we need two single rooms.
- Depending on distance and performance times, we usually arrive the evening before the first show and leave the morning after the last performance.
- We are both carnivores with no diets. We like to point out that we prefer eating light some time before the show and we need calories after the show.

Travel

- We travel by plane, train or car with 23kg extra luggage.
- If we don't rent a car, we will need a pickup at the airport or nearest train station.
